

IGIUGIG & NOTES

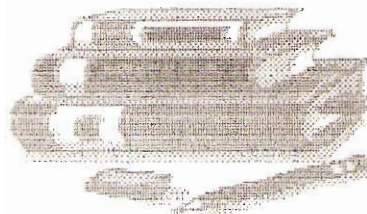

March 18, 1991

Will Writing

Several people are coming to help write or update your wills. They will be here this Tuesday & Wednesday, March 19-20.

To begin with they will talk about common questions people usually have. After that they work individually with people to write up their wills or change their old ones. They are bring a computer with them so will be able to make them up for ^{you} right away.

They will be working in the RecCenter, but we won't know what time until they get here on Tuesday. (Hopefully around noon.) Call Sandy if you have any questions.

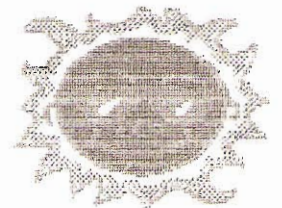

Water & Sewer hook up to Homes

The Village Council has sent in a Resolution requesting money to have our homes hooked up for running water and sewer. Our legislators (George Jacks & Fred Zharoff) are working on it, and feel there is a good chance we may get it. It also helps if people living in the community write letters, so if you would like to support this project, send in a letter to either one of the above people at:

P.O. Box U
Juneau, Ak 99811

SPECIAL DATES:

March 20 - First day of spring!
March 29 - Good Friday
March 31 - Easter Sunday
April 1 - April Fool's Day
April 15 - Last day to sue (AK returns)

NOTICE

Something is wrong in the pumphouse!

The washers still work, so feel free to wash cloths. However, there is a problem with the sewer line so anything solid won't go down. That is why the bathroom and shower doors are locked.

This problem won't be fixed until PHS sends someone in to dig up and repair the lines, so don't expect to be flushing before this summer!

I.V.C. NEWS

ELECTIONS: The Igiugig Village Council voted to change the date for it's annual meeting and elections to October, so it will hold elections when most other groups do. At that time there will be two positions open for re-election, the President and one Council Member slot. If anyone objects to this change, please let us know.

NEXT MEETING: Wednesday, April 17th
